# NOMEX® STATIONWEAR

Value You Want, Appearance Retention You Desire and Flame-Resistant Protection You Require – It's All in NOMEX® Stationwear

Trying to find stationwear that is long-lasting, cost-effective, retains its appearance over time and offers superior flame-resistant protection? Look no further. NOMEX® Stationwear provides the durability, value and professional look you need with the thermal performance and peace of mind only DuPont NOMEX® thermal technology can offer.

- Durable NOMEX® Stationwear can be washed up to 125 times without fading or losing its shape.
- NOMEX® Stationwear does not need to be ironed to maintain its crisp, professional appearance.

## THERMAL PROTECTION WHEN THE HEAT'S ON

- NOMEX® Stationwear provides lightweight protection that will not wash or wear out.
- NOMEX® Stationwear is compliant with NFPA 1975; poly/cotton stationwear, which melts when exposed to intense heat and flame, is not.
- Flame resistance and protection provided by NOMEX® Stationwear can ultimately mean the difference between safety and danger or, more extremely, life and death.
- DuPont THERMO-MAN® tests analyze and determine the extent of thermal protection NOMEX® Stationwear provides.
- In a simulated flash fire exposure test, cotton stationwear ignites and burns. In the same exposure, NOMEX® does not burn and the predicted burn injury is reduced by 50%.

**NFPA-Compliant and Best Value**  
Stationwear of NOMEX® brand fiber is inherently flame-resistant and will not melt, drip or support combustion in the air once the flame is removed and the fiber self-extinguishes. Its long-lasting protection is not compromised during the life expectancy of the garment.

## BEST VALUE, BEST DURABILITY YEAR AFTER YEAR

- As the chart below demonstrates, a 300-member department wearing 1,500 sets of NOMEX® Stationwear shirts and 1,000 sets of NOMEX® Stationwear pants in a four-year period will spend \$210,000.
- That same department will spend \$273,000 for NFPA-compliant cotton in the same period of time because it must replace clothing that wears out.
- Selecting NOMEX® Stationwear results in savings of 23%.
- Lower replacement budgets are realized – NOMEX® Stationwear lasts an average of five years; cotton only lasts one.

## EASE OF CARE

- NOMEX® Stationwear is lightweight and has excellent breathability.

	Year 1	Year 2	Year 3	Year 4	Total
NOMEX®	\$210,000	\$0	\$0	\$0	\$210,000
Cotton (NFPA Compliant)	\$78,000	\$65,000	\$65,000	\$65,000	\$273,000

## DURABILITY, VALUE, APPEARANCE RETENTION AND PROTECTION

When you're fighting the heat and flames of a fire, you – and your family – need to know that you are safe and protected from the extreme hazards you face every day. That's why you and your loved ones can rely on NOMEX®

When NOMEX® Stationwear is needed, whether it's for durability, value, appearance retention, thermal protection or peace of mind, it will more than do its job.

NOMEX® Stationwear. On call and at the ready 24 hours a day. Just like you.
